

Technical Data

Category	Article number	Description
Floor dimmer	611082	12V LED floor slide dimmer
	for 1 lamp	dimnable by foot slide

Input/ Output		
Input voltage		220V - 240V
Output voltage		12Vdc
Rated output power LED		25W
Power factor		0,9 typ
Input frequency		50Hz
Input current		
Dim method		PWM
Output minimal load		1W

Function		
Overload protection		✓
Short-circuit protection		✓
1.0KV surge protection		✓

Shape		
Dimension (mm) L x W x H		115 x 61 x 34 mm
Switch		0-100% foot slide
Color of housing		Black

Safety approval		
		CE

Remarks		
Lamp will be switched off 100% by sliding to minimum		
Little min set potentiometer to set minimal brightness.
